---	---

Dear Sir,

Sub: Clarification sought vide email dated 08.02.2018 on the announcement made by the Company relating to setting up 39600 MTPA Chlorotoluenes Plant

With respect to the subject mentioned above, we would like to state as under:

1. Rationale

At present, the Company is having a toll manufacturing arrangement with a third party to manufacture these chlorotoluene products. Now, it has been proposed to set-up its own plant within the Company, which would help in gainful utilization of chlorine within the Company.

2. Existing capacity / capacity utilization

The existing capacity at the Toll Manufacturer's plant is 8640 MTPA and the capacity utilization is close to 100%.

We hope the above will meet with your requirements.

Thanking you,

Yours faithfully,

For GUJARAT ALKALIES AND CHEMICALS LIMITED
