Sub: Submission of half yearly compliance report of EC for the period of April-2025 to September-2025.

Ref.: EC issued vide letter no. SEIAA/GUJ/EC/7(d)/482/2020 Dated 05/06/2020.

Dear Sir,

With reference to above, we are enclosing herewith six-monthly compliance report of above ECs for the period of April-2025 to September-2025.

Thanking you,
Yours faithfully,

For Gujarat Alkalies and Chemicals Limited-Dahej

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
A.1. SPECIFIC CONDITIONS:		
1.	Unit shall no carry out any activity in the matter pertaining of M. A. No. 553/2018 with Appeal No. 02 of 2018 (WZ); Brackish Water Research Center Vs. Gujarat State Environment Impact Assessment Authority & Others.	Noted and complied. Additionally, the said matter pertaining of M. A. No. 553/2018 with Appeal No. 02 of 2018 (WZ); Brackish Water Research Center Vs. Gujarat State Environment Impact Assessment Authority & Others exclusively revert to plot no. 3 of GACL-Dahej which is a separate facility.
2.	This TSDF site shall be used only for the purpose of disposal of new sludge to be generated in future at the plants belonging to GACL and its subsidiary company in Dahej Industrial area.	Complied. Only new sludge generated from GACL Dahej Complex only is disposed at this TSDF Site.
3.	Project proponent shall start project activity only after obtaining the Notification of proposed site as per the Hazardous and Other wastes (Management and Transboundary Movement) Rules 2016.	Complied. The said project is captive SLF site and it is located within the notified GIDC industrial estate of Dahej.
4.	Project proponent shall have to provide a laboratory capable of finger printing analysis, mechanized operation of transportation and handling of wastes with trained manpower at Site.	Currently, following wastes are being disposed at this captive SLF site. 1. GACL Plot-3- Phosphoric Acid Plant chemical sludge primarily inorganic in nature, neutral and stabilized. 2. GACL Plot-3- non-hazardous caustic brine sludge. 3. GACL Plot-3- Insulation waste. Analysis of these sludge are being carried out at GACL established QC laboratory. These sludges are being transported via dedicated GPS mounted vehicle (Mostly Hywa) covered with tarpaulin. Contract is awarded for this requirement. Manual handling of waste is eliminated/minimised to the extent possible by way of adopting mechanized measures listed as

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
		below and wherever manual intervention is required, it will be arranged through trained manpower. 1. Hywa with hydraulic mechanism are engaged. 2. Poclairn is mobilized for unloading waste from Hywa.
5	Adequate number of vents shall be installed during post closure period of the cell & monitoring program for emission of vent gases shall be prepared & records shall be maintained.	Complied. At this site neutral, stabilized and primarily inorganic in nature type sludge is being disposed. However, we will install adequate number of vents as per design document during closure period of the cell & monitoring program for emission of vent gases shall be prepared & records shall be maintained.
6	Ground water table at the project site shall be ascertained through the GWRDC (Gujarat Water Resources Development Corporation) before initiating construction of secured landfill site. The depth of the secured land fill site shall be decided based on the ground water level at the site and bottom of the secured landfill site shall be kept at least 2 m above the ground water table.	Complied. Ground water table study was carried out at initial stage of establishment of SLF by KCT consultancy services, who is having NABL accreditation and is a state and central level approved agency for geotechnical investigation. Ground water level at the site and bottom of the secured landfill site shall be kept at least 2 m above the ground water table and the same was ascertained by GITCO in its report.
7	Construction of the secured landfill site shall be undertaken meticulously keeping in view the existing natural drainage pattern of the site to ensure that the natural drainage is not affected. All construction designs/drawings relating to the proposed landfill site must have approvals of reputed institutes like NPC / IIT.	Complied. Technical design basis relating to the secured landfill site has been reviewed and approved by reputed institute GITCO Ahmedabad, who is GPCB authorised schedule-I auditor as well as renowned technical consultant in environment management programme.
8	The proponent shall ensure that design and construction of secured landfill site is as per the guidelines of CPCB with proper leachate collection arrangement.	Complied. Design and construction of SLF site is in accordance with the guidelines of CPCB with proper leachate collection arrangement.

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
9	Project proponent shall have to strictly adhere to and comply with the Guidelines / Manuals published by the different authorities for Construction and safe operation of the Hazardous Waste TSDF sites like (a) Criteria for Landfills (b) Manual for design, construction and quality control of liners and covers of Hazardous Waste Landfills (c) Guideline for proper functioning and upkeep of disposal site (d) Guideline for transportation of Hazardous Waste (e) Guideline for setting up of operating facility along with the instruction and stipulation issued time to time for the safe handling, construction and operating of Hazardous Waste TSDF Sites.	Noted and complying with the requirement. Relevant guidelines/manuals published by the different authorities for construction and safe operation for SLF site have been followed.
10	Project proponent shall have to follow the Guideline for Transportation, Storage, Handling and Labelling of Hazardous Waste published by CPCB.	Noted and complying with the requirement. GACL has been following the guidelines related to Transportation, Storage, Handling and Labelling of Hazardous Waste published by CPCB.
11	The proponent shall ensure that the transportation of the Hazardous wastes to the TSDF conforms to the norms laid down in the Hazardous and Other Wastes (Management and Transboundary Movement) Rules 2016.	Noted and complying with the requirement. GACL Complying with the applicable norms in the Hazardous and Other Wastes (Management and Transboundary Movement) Rules 2016.
12	Project proponent shall ensure that wastes with organic content > 5% of degradable organic matters are not disposed in to the landfill. However, required arrangement for collection, treatment and disposal of gases from the secured landfill, if any, shall be provided.	Complied. At this SLF site, wastes generated from GACL Dahej complex are being disposed. The basic characteristic of the waste is primarily inorganic type chemical sludge and non-hazardous brine sludge. The waste is neutral and stabilized.
13	The project proponent shall set up necessary facility for on-site testing of wastes to decide the requirement of treatment if any, before disposal.	Noted for Compliance. Currently, following wastes are being disposed at this captive SLF site. 1. GACL Plot-3- Phosphoric Acid Plant chemical sludge primarily inorganic in nature, neutral and stabilized.

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
		<p>2. GACL Plot-3- non-hazardous caustic brine sludge.</p> <p>3. GACL Plot-3- Insulation waste.</p> <p>The quality of these sludge is uniform, neutral and stabilized and therefore no specific treatment like stabilization/encapsulation is essential before its disposal.</p> <p>Analysis of these sludge are being carried out at on-site testing facilities established/located at their source of generation and/or testing sometimes carried out at external laboratory.</p>
14	Project proponent shall carry out periodical ground water/soil monitoring in and around the site to check the contamination including TCLP test for heavy metals.	<p>Complied.</p> <p>Ground water/soil monitoring is being carried out through NABL accredited and GPCB approved agency M/s Unistar Environment and Research Labs Pvt. Ltd.</p>
15	The third-party assessment on functioning of the TSDF shall be carried out through a reputed institute like NPC, IIT or any academic / research institute of similar repute once in a year and mitigation measures as may be suggested by such institute shall be implemented in consultation with the Gujarat Pollution Control Board.	<p>Noted for Compliance.</p> <p>GACL will plan and arrange to carry out third party assessment on functioning of the SLF through a reputed institute or any academic / research institute once in a year.</p>
16	All measures shall be taken to prevent soil and ground water contamination.	<p>Complied.</p> <p>Double composite liner, as recommended in CPCB guideline, had been followed during construction of SLF cell as a measure to prevent soil and ground contamination.</p> <p>Sample photograph of liner installation at the construction stage of SLF cell is appended as per below for information and ready reference.</p>

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
		
17	<p>The project proponent shall submit the detailed study report to Gujarat Pollution Control Board (GPCB) at least once in a year comprising details of percolation rate of surface water, ground water analysis and observations of contamination to soil & ground water (if any) and mitigation measures to curb ground water & Soil contamination.</p>	<p>Complied</p> <p>The unit is carrying out monitoring and analysis through GPCB Authorized and NABL approved agency.</p> <p>Details study on percolation rate of surface water and groundwater shall be undertaken after commission of all the pits.</p>
18	<p>The project proponent shall transport Hazardous waste through authorized dedicated Vehicles with GPS (Global Positioning System) enabled system and in line with the Hazardous and Other Wastes (Management and Transboundary Movement) Rules 2016.</p>	<p>Complied</p> <p>GACL ensures transportation of hazardous waste through dedicated vehicles equipped with GPS (Global Positioning System) enabled system and it is in line with the requirement prescribed in the Hazardous and Other Wastes (Management and Transboundary Movement) Rules 2016.</p>
19	<p>All the recommendations, mitigation measures, environmental protection measures and safeguards proposed in the EIA report of the project prepared by M/s. Eco Chem Sales and Services and submitted by project proponent; and commitments made during presentation before SEAC and proposed in the EIA report shall be strictly adhered to in letter and spirit.</p>	<p>Noted and complying with the requirement.</p> <p>All the recommendations, mitigation measures, environmental protection measures and safeguards proposed in the EIA report of the project prepared by M/s. Eco Chem Sales, Surat. and Services and submitted by project proponent and commitments made during presentation before SEAC and proposed in the EIA report are being strictly adhered to as per feasibility realised for current scenario of the site.</p> <p>As an illustration compliance of typical environment protection measures are appended as below for information and ready reference.</p> <ul style="list-style-type: none"> • GPS mounted dedicated vehicle are used for transportation of Hazardous waste.

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
		<ul style="list-style-type: none"> • Waste during its transportation is kept covered to avoid leakage or spillage. • Usage of hydraulic Hywa is preferred for transportation of hazardous waste that prevent. manual handling. • Modular STP provided. • Periodic monitoring of ground water is carried out at regular interval. etc.
20	Sufficient number of Piezometer wells shall be installed in and around the project site to monitor the ground water quality in consultation with the State Pollution Control Board (SPCB) / CPCB. Trend analysis of ground water quality shall be carried out each season and information shall be submitted to the SPCB and the Regional Office of MoEF&CC.	<p>Compliance in progress</p> <p>Total 8 monitoring wells have been installed within the landfill site. Sampling of all monitoring well is carried out at a frequency of once in month by NABL accredited and GPCB recognised agency M/s Unistar Environment and Research Labs Pvt. Ltd.</p>
21	Pre-medical check-up to be carried out on workers at the time of employment and regular medical record to be maintained.	<p>Complied</p> <p>pre-medical check-up of workers is done at the time of employment. Periodic medical examination of the workers is also followed.</p> <p>Record of pre-medical check-up and periodical medical examination are maintained.</p>
22	PP shall strictly adhere with the undertaking submitted by Executive director GACL vide dated 07/03/2020 regarding this is an independent project site (TSDF site) and not having connection with existing GACL complex and hazardous and non-hazardous solid waste shall be accepted from the plant belongs to GACL and its subsidiary company located at Dahej.	<p>Complied</p>
23	Continuous monitoring of proposed TSDF/SLF shall be carried out as per GPCB/CPCB guidelines.	<p>Noted and complying with the requirement</p> <p>We are carrying out regular monitoring of SLF site through NABL accredited and GPCB recognised third party agency M/s Unistar Environment and Research Labs Pvt. Ltd.</p>
A.2. WATER:		

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
24	Total water requirement for the project shall not exceed 137 KLD. Unit shall reuse 7 KLD treated wastewater. Hence, the total fresh water requirement shall be 130 KLD and it shall be met through GIDC water supply only. Prior permission from the concerned authority shall be obtained before withdrawal of water.	<p>Complied</p> <p>Total fresh water requirement for this site is meet through GIDC water supply only and is not exceeding 130 KLD.</p>
25	Water meter shall be installed and its records of daily water consumption shall be maintained.	<p>Complying with the requirement</p> <p>Water meter has been installed in the GIDC water supply network.</p>
26	Adequate leachate collection system shall be provided to collect the leachates at a collection point.	<p>Complied</p> <p>Adequate leachate collection system is provided as per design document to collect the leachates at a collection point.</p> <p>Adequacy of leachate collection system is endorsed by M/s. GITCO Ahmedabad.</p>
27	Waste water generation from the Floor/vehicle washing and Leachate well shall not exceed 83.3 KLD. Entire effluent shall be treated in-house in ETP having primary treated and then treated effluent shall be sent to CETP Dahej for further treatment and disposal after ensuring that it meets with the CETP inlet norms prescribed by GPCB.	<p>Complied</p> <p>Referring to the design features of SLF as recommended by NPC, the entry and exit of the dumpers inside the pit is practically not possible. The dumpers simply stationed at the boundary of the SLF pit and unload the sludge by its hydraulic and therefore, the tyres do not get in contact with the waste. Hence, waste water is not generated due to vehicle washing.</p> <p>You may refer sample photograph of the SLF pit is as below.</p> <div style="text-align: center;">  </div> <p>From the photo, it is obvious that vehicle can't enter into the SLF pit. Further, we have obtained</p>

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej									
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5 th June 2020 for the period: 1 st April 2025 to 30 st September 2025.									
Sr No.	EC conditions					Compliance Status			
						drainage release order from GIDC for further disposal of treated effluent to CETP Dahej.			
28	Domestic wastewater generation shall not exceed 8 KL/day for proposed project and it shall be treated in STP. Treated sewage shall be utilized for gardening and plantation purpose within premises after achieving on-land discharge norms prescribed by the GPCB.					<p>Noted and compliance is ongoing.</p> <p>This site is under development stage and current utilization is up to 60% of its total capacity.</p> <p>Domestic waste water generation is very limited and currently it is being disposed through soak pit.</p> <p>Modular STP of 3 KLD is procured and provided at site. However, it will be put into use once sufficient manpower is mobilised at site.</p>			
29	During monsoon season when treated sewage may not be required for the plantation / Gardening / Green belt purpose, it shall be stored within premises. There shall be no discharge of waste water outside the premises in any case.					<p>Noted for compliance.</p> <p>Currently sewage is being disposed through soak pit. Modular STP of 3 KLD is provided. It will be put into operation once sufficient manpower is mobilised at site.</p>			
30	Unit shall provide buffer water storage tank of adequate capacity for storage of treated waste water during rainy days.					<p>Complied.</p> <p>We have obtained CETP membership for disposal of treated waste water.</p>			
31	Enough care shall be taken to prevent any leakages/accidental spillages during conveyance of the leachate from the leachate well to Leachate collection tanks and finally to ETP.					<p>Complied.</p> <p>Leachate from leachate well is pumped to ETP in closed circuit. Permanent piping network is provided.</p>			
32	A proper operation logbook containing records of quantities and qualities of leachate from secured landfill site, floor/vehicle washing waste water, disposal of effluent etc. shall be maintained and furnished to the GPCB from time to time.					<p>Noted for Compliance.</p> <p>Currently, only 3 SLF Pit are made operational.</p>			
A.3. AIR:									
33	Unit shall provide adequate APCM with flue gas generation sources as mentioned below:					Complied.			
	Sr No	Source of emission With Capacity	Stack Height (meter)	Type of Fuel	Quantity of fuel MT/Day			Type of emission Le Air Pollutants	APCM Measure
	1	D.G. Set (100 kVA)	11	HSD	636			PM, Sox & NOx	Adequate Stack height

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5 th June 2020 for the period: 1 st April 2025 to 30 st September 2025.		
Sr No.	EC conditions	Compliance Status
		<p>Presently as per current requirement we have installed DG set of 50 KVA only. DG set is provided with adequate height stack. There is no building surround the location of DG set. Sample photograph is appended as below for information and ready reference.</p> 
34	Fuel consumption in DG set shall be as mentioned above.	<p>Complied.</p> <p>Presently as per current requirement we have installed DG set of 50 KVA only.</p> <p>Fuel consumption is not exceeding the stipulated limit.</p>
35	Acoustic enclosure shall be provided to the DG sets to mitigate the noise pollution.	<p>Complied</p> <p>DG set provided at site is confirming to the Noise limit for DG set up to 100 KVA – 75 dB(A).</p> <p>DG set is provided with integral acoustic enclosure at the manufacturing stage itself.</p>
36	The flue gas emission from D.G. Set shall conform to the standards prescribed by GPCB. At no time, the emission levels shall go beyond the stipulated standards.	<p>Presently as per current requirement we have installed DG set of 50 KVA only.</p>
37	Regular monitoring of ground level concentration of SO ₂ , NO _x , PM ₁₀ , PM _{2.5} and VOC shall be carried out in the impact zone and its records shall be maintained. Ambient air quality levels shall not exceed the standards stipulated by the GPCB. If at any stage these levels are found to exceed the prescribed limits, necessary additional control measures	<p>Complied</p> <p>Ambient air quality monitoring is being carried out through NABL accredited and GPCB approved agency M/s Unistar Environment and Research Labs Pvt. Ltd. Measured values are well within the limit.</p>

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
	shall be taken immediately. The location of the stations and frequency of monitoring shall be decided in consultation with the GPCB.	
38	All transporting routes within the premises shall have asphalt roads to minimize fugitive emission.	Complied Transporting route surrounding SLF pit is provided and is "pucca" road.
A. 4. SOLID / HAZARDOUS WASTES:		
39	The proponent shall ensure that the TSDF fulfils all the provisions of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules 2016 and the design and construction of secured landfill site is as per the guidelines of CPCB with proper leachate collection arrangement.	Complied Design and construction of secured landfill site is as per the guidelines of CPCB with proper leachate collection arrangement. GACL is conforming to the norms laid down for the transportation of the Hazardous wastes to the SLF. As an example, we are transporting landfilling waste through GPS mounted dedicated vehicle accompanied with form no. 9 TREM card.
40	Temporary hazardous waste storage area having impervious bottom and roof cover shall be provided as proposed.	Noted for compliance The site is under development stage, only 4 SLF pits are operational and transportation and disposal of waste to this site during the monsoon season is restricted. Requirement of temporary hazardous waste storage area may be planned and developed at successive stage if required/need arise.
41	The project proponent shall not store the hazardous wastes more than the quantity that has been permitted by the CPCB / Gujarat State Pollution Control Board (GPCB).	Complied Hazardous wastes is not stored more than the quantity that has been permitted by the CPCB / Gujarat State Pollution Control Board (GPCB).
42	The main operational site shall be kept covered by tarpaulin with separate rain water collection system during monsoon period.	Noted for compliance
43	Used oil shall be sold only to the registered recyclers.	Noted for Compliance GACL shall sell used oil only to the registered recyclers as and when generated.
44	Project proponent shall explore possibilities with respect to reduction and reuse of	Noted

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
	hazardous waste generated by them and received at the project site.	Possibilities of utilization of hazardous waste generated by GACL is being explored.
A. 5. SAFETY:		
46	All necessary precautionary measures shall be taken to avoid any kind of accident during storage and handling of hazardous wastes.	Complied All the necessary precautionary measures are being taken to avoid any kind of accident during storage and handling of hazardous wastes.
47	Handling and storage of wastes shall be done in such a manner that minimal human exposure occurs.	Complied Handling and storage of wastes is ensured in such a manner that minimal human exposure occurs. Manual handling of waste is eliminated/minimised to the extent possible by way of following measures and wherever manual intervention is required for handling of waste, it will be arranged through trained manpower. 1. Hywa with hydraulic mechanism are engaged. 2. Poclain is mobilized for unloading waste from Hywa.
48	All transportation of hazardous materials shall be as per the Motor Vehicle Act & Rules.	Complied
49	Personal Protective Equipment shall be provided to workers and its usage shall be ensured and supervised.	Complied Necessary PPE's are provided to the workers engaged in handling the hazardous waste.
50	First Aid Box and required Antidotes for the chemicals used in laboratory shall be made readily available in adequate quantity at all the times.	Complied First Aid Box is provided and maintained as required.
51	Training shall be given to all workers on safety and health aspects of handling hazardous wastes.	Complied Training to all concerned workers @ occupational safety and health aspects of handling hazardous wastes is provided.
52	Occupational health surveillance of the workers shall be carried out on a regular basis and records shall be maintained as per the Factories Act and Rules. Pre-employment and periodical medical examination for all workers	Complied Pre-medical check-up and periodical medical examination of workers is ensured on a regular basis and records are maintained.

GUJARAT ALKALIES AND CHEMICALS LIMITED Plot D- III/3, Dahej		
Status of Six-Monthly compliance of the stipulated conditions of the Environment Clearance no SEIAA/GUJ/EC/7(d)/482/2020 dated 5th June 2020 for the period: 1st April 2025 to 30st September 2025.		
Sr No.	EC conditions	Compliance Status
	shall be undertaken as per statutory requirement.	
53	Project proponent shall prepare and implement an On-Site Emergency Management Plan and Disaster Management Plan (DMP) for the project as per the guidelines from Directorate of Industrial Safety and Health. Adequate fire-fighting facilities shall be installed to handle the fire.	Noted for Compliance
A. 6. NOISE:		
54	The overall noise level in and around the premises shall be kept well within the standards by providing noise control measures including engineering controls like acoustic insulation hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise level shall confirm to the standards prescribed under The Environment (Protection) Act, 1986 & Rules.	<p style="text-align: center;">Complied</p> <p>No manufacturing activities/process are carried out at this site.</p> <p>Ambient and Noise monitoring is being carried out through NABL accredited and GPCB approved agency M/s. Unistar Environment and Research Labs Pvt. Ltd.</p>
A.7. GREEN BELT AND OTHER PLANTATION:		
55	Project proponent shall develop green belt all along the periphery of the TSDF as per the CPCB guidelines with plant species that are significant and used for the pollution abatement. Drip irrigation system shall be used for the green belt for optimum utilization of the water resources.	<p style="text-align: center;">Noted for compliance</p> <p>Appropriate green belt with plant species that are significant and used for the pollution abatement is under development stage. It is being developed in phased manner as the site is under development stage.</p>
56	Project proponent shall also tie up with local agencies like gram panchayat, schools, social forestry office etc. for plantation at suitable open places in nearby villages and shall submit an action plan of plantation for next five years to the GPCB.	<p style="text-align: center;">Complied</p> <p>Consultation with local agencies like gram panchayat, schools, social forestry office etc. for plantation at suitable open places in nearby villages is done timely as and when required.</p>
B. OTHER CONDITIONS

	EIA report shall be strictly adhered to in letter and spirit.	presentation before SEAC and proposed in the EIA report are being strictly adhered to as per feasibility realised for current scenario of the site.
58	Unit shall comply all the applicable standard conditions prescribed in Office Memorandum (OM) published by MoEF&CC: —vide no. F. No. 22-34/2018-1A.111 dated 09/08/2018.	Noted for Compliance
59	In case of use of spray dryer, the unit shall provide the adequate & efficient APCMs with spray dryer so that they should not be any adverse impact on human health & environment. Unit shall carry out third party monitoring of the proposed Spray dryer & it's APCM through the credible institutes and study report for impacts on Environment and Human. Health shall be submitted to GPCB every year along with half yearly compliance report.	As per our proposal spray dryer is neither proposed nor installed at the site.
60	The project proponent shall allocate the separate fund of Rs. 71.04 Lakhs i.e. 2 % of the capital investment for Skill development of women through Anganwadi, Facility for Drinking Water in nearby villages, Medical camp at nearby villages, Promote and distribution of nutrition food for patients in Village Health Centre, General awareness health program, Distribution of tree guard, sapling and pots, Training and awareness programme in school on Environment and Safety Day, Scientific support and awareness to local farmers to increase yield of crop at Farmers Toll free services in accordance to the MoEF&CC's Office Memorandum No. F.No.22-6512017-1A.111 dated 01/05/2018. The entire activities proposed under CER shall be monitored and the monitoring report shall be submitted to the regional office of MoEF&CC as a part of half-yearly compliance report and to district collector. The monitoring report shall be posted on the website of the project proponent.	Noted for Compliance
